I would like to formally file an objection regarding Delphi's intent to discontinue severance pay promised to me as part of an early separation package.

I believe the severance payments are Administrative Claims, and I will file an Administrative Expense Claim Form with the court if required.

I am hopeful that you will consider the contact that Delphi made with me as legal and binding and that I should receive the full amount of my severance pay.

The Delphi positions that severance payments are pre petition claims are inaccurate. Severance payments are a contract liability, for contracts entered into during bankruptcy. Severance payments are not a Delphi provided benefit. I was provided a waiver of certain rights (Release of Claims) in exchange for severance payments.
